With so many more features than earlier generations of the Ninja ZX-6R, it's relatively easy to overlook the many tweaks and upgrades that were also made. Share your thoughts with the world by posting a review now! Note : The first of the Ninja's revised frame was introduced in 2007, and the rest of the line followed suit in subsequent years. The Ninja ZX-6R was the only model to receive the updated frame, which the company explained had been upgraded to be lighter and stiffer. The rest of the 2005 revision included a new stem-integrated head tube design, an integrated handlebar-to-stem clamp, chain guides, and a redesigned rear-derailleur.
